Assistant Director for Collection and
Dissemination
Deputy Director for Administration

Reorganization of the Agency's Coordination and Reference Functions.

1. Reference your memorandum dated 25 November 1950, subject as above, there are several factors which will require a solution in the immediate future. However, a clarification of the functions of OCD will probably not be solvable until the functions of other segments of CIA are more clearly defined.

2. It is felt, therefore, that OCD should continue to function as it is presently constituted until such time as the other elements of CIA are more clearly established.
